Foreword

We are pleased to furnish you with a copy of the latest edition of the HUD Telephone Directory. While we make every effort to assure that the information herein is accurate, doubtlessly there have been "last minute" changes that we were unable to have incorporated into this issue. We encourage you to bring any in-

accuracies to the attention of your Administrative Officer for correction in the next edition.

We hope that you will find this directory useful and we welcome any suggestions you have to improve it.

CPR Monitors at HUD

The following people are designated CPR Monitors for each floor. A sign has been placed outside the door so you can readily identify qualified people. These monitors have been trained in basic lifesaving and cardio-

pulmonary resuscitation. They should be called in cases of choking (severe) and apparent cardiac arrest (absence of both breath and pulse). Remember, notify the Health Unit first, 755-6265.

HUD Employees' Hotline (24 Hours)

FTS 8-472-4200

It is the responsibility of each employee to report promptly any indications of fraud, waste, or mismanagement to his/her supervisors or directly to the Office of Inspector General (OIG) in Headquarters or the Field. To expedite action, the employee is urged to assemble facts before the call as to the who, how, why, what, when, and where of the reported information.

The telephone hotline is not to be used to report complaints for which other reporting systems are already in place, such as consumer and fair housing problems, personnel, or equal opportunity complaints.

Tips for Reducing Telephone Costs

GSA is now charging executive agencies on a time-sensitive basis for all FTS long-distance calls. Call length can be shortened and government spending reduced by adhering to the following tips:

- Plan your long-distance calls; have all documents and reference materials on hand.
- Determine differences in time zones and duty hours; avoid calls during luncheon periods and nonduty hours.
- Do not make long-distance calls to obtain hotel reservations or arrange for travel. Most hotels and transportation companies have local facilities or toll free "800" numbers for making reservations.
- Check your list of frequently called numbers, the HUD Telephone Directory or other telephone directories for the correct number. Wrong numbers waste time and money.
- **Do Not Request Secretaries** to complete your call unless you are not in a position to do so. Do your own dialing.
- When your long-distance call is answered, always give your name, the point of origin of your call, and the name of the person you are calling.
- Keep the conversation as short as possible; make every effort to complete your call in five minutes; avoid unnecessary personal discussions.
- Do not permit your call to be placed on "hold" for longer than a few seconds. If the person called or the information requested is not available immediately, arrange for a fixed time for your call to be returned.
- Accept incoming FTS long-distance calls immediately, even though busy with other matters. Break off local calls if necessary.
- FTS is **only** for official government business. Detail call information, much like the records provided on your home telephone, is now being provided to HUD. This data is being monitored to control unofficial FTS usage.

HUD Telephone Directory Change Procedures

All HUD employees should direct questions regarding the Directory and any changes in Directory information to the appropriate Administrative Officer, according to the designation code which follows an employee's name in the alphabetical section.

Please note the following:

- The names used in the directory should be the official name used on payroll checks (including middle initial).
- Summer employees, consultants, and temporaries should not be put in the directory. A separate list can be sent to the HUD Locator in the south lobby of the HUD building for these individuals.
- Part-time employees expected to be in a location for 6 months or more, may be listed in the directory under the office to which they are assigned.
