

NATIONAL TRUST for
HISTORIC PRESERVATION

National Preservation Awards 2001

HUD Secretary's Award for Excellence in Historic Preservation

EACH YEAR the National Trust for Historic Preservation celebrates the best of preservation by presenting National Preservation Awards to individuals and organizations whose contributions demonstrate outstanding achievements in historic preservation.

The National Trust and the U.S. Department of Housing and Urban Development (HUD) invite your participation in the fourth annual HUD Secretary's Award for Excellence in Historic Preservation. One recipient will be chosen for this award.

The HUD Secretary's Award for Excellence in Historic Preservation

recognizes organizations and agencies for their success in advancing the goals of historic preservation while providing affordable housing and/or expanded economic opportunities, particularly for low- and moderate-income families and individuals.

“Historic preservation has taken on a new meaning in America. Today, it is a tool that can strengthen neighborhoods throughout the country, because reinvestment in historic structures not only honors our diverse cultural heritage, it helps rebuild the economic base of our communities.”

Andrew Cuomo
Secretary of Housing and
Urban Development

THE NATIONAL TRUST FOR HISTORIC PRESERVATION provides leadership, education, and advocacy to save America's diverse historic places and revitalize our communities.

CRITERIA FOR AWARD

Nominated projects or activities will be judged for the success they have achieved in the preservation, rehabilitation, restoration, and interpretation of our architectural and cultural heritage. The evaluation criteria include the following:

1. What is the impact of the nominee's project on the community?
2. What is the quality and degree of difficulty of the adaptive nominee's project or efforts?
3. What is the degree to which the nominee's project is unusual or pioneering, or serves as an example to influence others?
4. Does the nominated project or activity provide for the adaptive use of historic structures and districts for affordable housing and/or economic development opportunities for low- and moderate-income residents?
5. Is the project or activity in an area that is part of a locally developed, overall community revitalization effort or part of a community revitalization plan?

Although HUD funding or other participation in nominated projects is not required, the nomination should clearly state what, if any, role HUD played in the nominated project or activity.

A jury of preservation professionals and HUD representatives is invited each year to review the nominations for the National Trust/HUD Secretary's Award for Excellence in Historic Preservation and recommend a winner. Although the composition of the jury changes each year, the National Trust and HUD strive to achieve balanced representation from the various professional preservation disciplines and geographic regions of the United States.
