A Trusted Source of Housing and Community Development Research

In 1978, HUD's Office of Policy Development and Research (PD&R) established HUD User as the primary source for federal government information on housing and housing-related topics such as building technology, economic development, sustainability, and urban planning. HUD User is essential in helping PD&R achieve its mission to inform policy development and implementation to improve life in American communities through conducting, supporting, and sharing research, surveys, demonstrations, program evaluations, and best practices.

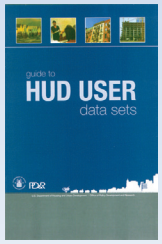
HUD User is a one-stop resource for research from PD&R and HUD. Access over 1,000 research publications spanning the major fields of housing and community development.



Data Sets and GIS

HUD User is home to a wealth of accessible data sets including: the American Housing Survey, HUD Median Family Income Limits, Fair Market Rents, Low-Income Housing Tax Credit Data, and Picture of Subsided Housing. All data sets are available as free downloads; find what you need fast with our Data Set Reference Guide. Access mapping tools and other geospatial data through the eGIS storefront.

U.S. Housing Market Conditions Portal (USHMC)

Use the USHMC portal to access all the national, regional, state, metropolitan, and local data and analysis in one location. Resources include Housing Market Profiles, Market-at-a-Glance data, Comprehensive Market Analysis reports and much more.

Case Studies

HUD User publishes case studies based on federal, state, and local strategies that increase affordable housing opportunities, apply resilient features and practices, and increase access to public transportation, among other objectives.

Periodicals

- ***Cityscape,*** published three times a year, is PD&R's journal of policy development and research.
- ***Evidence Matters,*** published quarterly, presents objective, evidence-based analyses of research findings about key housing and urban development topics to inform practitioners, advocates, state and local policymakers, Congress, and researchers on future policy directions.
- ***Insights,*** published periodically, presents an exploration of a single research topic or question in a concise format.

All periodicals are available from HUD User at no cost.

EDGE PD&R

The Edge is a timely online magazine with articles on PD&R and HUD partners' research, a message from PD&R senior leadership, and a wide range of information on housing and community development issues, policies, and case studies.

Events

PD&R organizes a range of convenings designed to explore research and policy in depth. On HUD User, event resources, related reports, and archived video are available.

HUD Secretary's Awards

Each year, the HUD Secretary, in collaboration with various associations, recognizes outstanding achievements in housing and urban development by presenting awards in the following categories: Healthy Homes, Housing and Community Design, Excellence in Historic Preservation, Opportunity and Empowerment, and Public-Philanthropic Partnerships.

Regulatory Barriers Clearinghouse (RBC)

RBC collects and disseminates information on creating and sustaining of affordable housing through a searchable database of state and local laws, regulations, and policies that promote housing affordability.

The Innovation in Affordable Housing Student Design and Planning Competition

The Innovation in Affordable Housing Student Design and Planning Competition gives multidisciplinary teams of graduate students the opportunity to respond to a real world planning and design challenge faced by a public housing authority. Finalists are invited to visit the site where they can see the challenges first hand and talk to community members. The teams later travel to HUD Headquarters to present their final projects in front of a live audience and a panel of jurors. Cash prizes are awarded to the winner and runner up.

A Consumer's Guide to Energy-Efficient and Healthy Homes

The Consumer's Guide to Energy-Efficient and Healthy Homes offers strategies to improve air quality and energy efficiency in an easy-to-navigate format. Using this online guide, consumers can access information about product options, energy audits, health assessments, and financial incentives for energy-efficiency improvements. The guide also provides links to more detailed, in-depth topical content from other federal agencies and allied organizations.
